Endorsements.

I hereby certify that I have examined a transcript of the first two volumes of the Derby Town Records made by Mrs. A. W. Phillips of the Sarah Riggs Humphreys Chapter, Daughters of the American Revolution, and so far as I have compared the same find it to be a very faithful copy of the original, and evidently made with care.

FRANK FARNSWORTH STARR,
Vice-President Connecticut Historical Society.

DERBY, CONN.,
November 24, 1899.

To the Town of Derby, Connecticut, belongs the unique distinction of being able to place a seal, if it so ordains, upon what remains to it of its Books of Record from 1655 to 1710—a distinction conferred upon it through the patriotic work of its local chapter of the Daughters of the American Revolution.

In January, 1898, the Sarah Riggs Humphreys Chapter of the above organization resolved to copy the early records of the township, which, by reason of age and usage, were rapidly perishing. To that end the chapter appointed Mrs. A. W. Phillips to take charge of the work, which is now completed and will remain an enduring evidence of the intelligent work performed and the faithful rendering of the copyist.

Having examined and carefully compared a considerable portion of the copy with the historic records, I have no hesitation in saying that it is the most accurate piece of work, of like intent, that has passed under my observation, and that I believe it to be a perfect copy. In twenty consecutive pages examined and compared, every word, letter and mark of punctuation had been accurately rendered.

The one aim has been to preserve the letter of the records without emendation or translation, and the result is such as should satisfy the most exacting antiquarian.

Derby, Conn., June 20, 1901.

I hereby certify that at a meeting of the Sarah Riggs Humphreys Chapter, Daughters of the American Revolution, held in Derby, Flag Day, 1901, the following resolutions were submitted by the Regent, Mrs. James R. Mason, and were unanimously adopted and signed by the members of the chapter, viz :

Whereas, The Sarah Riggs Humphreys Chapter, Daughters of the American Revolution, receives with much pleasure the announcement that the copying of the Derby town records and the comparing and correcting of the proof sheets have been completed and,

Whereas, The Chapter deeply appreciates the great value of the work and also the magnitude of the task of copying records that have been rendered almost illegible by time, the correcting of the printer's proof sheets and other incidental labor ; therefore be it

Resolved, That we, the undersigned members of the Chapter, at this Flag Day meeting, June 14, 1901, do hereby give loving tribute to our Honorary Regent and Librarian, Mrs. Nancy O. Phillips, for her inspiring loyalty, her gracious generosity and her unselfish devotion to the interests of our Chapter, and the promotion of its patriotic work, in undertaking and completing the prodigious labor of copying and otherwise preparing for publication the aforesaid Derby Records. And furthermore, be it

Resolved, That we, the members of the Sarah Riggs Humphreys Chapter, beg our Honorary Regent to permit the use of her name on the title page of said records with proper acknowledgment of the Chapter's indebtedness to her.

Attest,

Frances L. Brinsmade, *Secretary.*

Note of Explanation.

This copy of the early records of Derby, made by the Sarah Riggs Humphreys Chapter, Daughters of the American Revolution, includes

"Book A 1, Derby and Pagassett Records."
"Book 2, First Part."
"Book 2, Second Part," and
"Record belonging to the Third Book."

Book 1 is a pamphlet containing forty-one pages.

Book 2 was used from both covers—the "First Part" being the Acts of the Town, which filled 161 pages. For the "Second Part" the book was reversed and paged from that end (being 129 pages), and at first was devoted to items "extracted out of the Court Records" (the General Court or Legislature at Hartford), then followed by various town matters, marriages, births, deaths, deeds, ear marks for cattle, etc.

Record belonging to the Third Book is a pamphlet of 31 pages, pages not numbered.

The copy follows the original closely in every respect, even to spelling, capitalization and punctuation (with one exception, the long s has not been used).

The original paging of the Records is given at the left side of these pages. The copy is paged in the order given above.

Brackets are used where words are missing.

The funds required for printing this book have been furnished in part by private subscription, and in part by a generous appropriation by the city of Derby, without which publication would have been impossible.

(Page 120.) To all Christian people to whome this Instrument shall come. Knowe ye yt Whereas I John Botchford of Milford in the County of New Haven in the Collony of Connecticot in New England having formerly bought sundry lands of Isaac Nichols of Derby in the county and Collony afore sd viz: one home lot on the west side of Naugatuck river, in Derby bounds, in the neck so called, being in quantity four acres be it more or less, bounded as upon Derby records; Item within the sd township, nine acres more or less in the Indian field so called, bounded as upon record Item Eight acres more or less, with the sd township, In the bare plains so called, In two peices bounded as upon the records of sd town may more fully appear. Item a tract of pasture land, containing sixteen or Eighteen Acres more or less, within the sd township bounded as the records of sd town will more fully show: Item half the land yt was sd Nichols's at a place called the great hill, yet undevided and Judged to be twenty or thirty acres, within the limits of sd town of Derby, bounded the whole tract, as the records of its first laying out will show; Item within the sd township of Derby forty acres more, at a place called the good hill, above Eight mile brook bounded as it is apparent Upon record; Item within sd township a lot at Pauls plaine, containing six acres, more or less bounded, as the records of sd town of Derby will demonstrate, all wch p̄cells of Land with their bounds and quantityes, fully described were passed over to me sd John Botchford by Isaac Nicchols, by a deed bearing date, the 7th of Aprill 1702, as may be seen at large upon record: But Whereas I sd Botchford sold sd

lands to John Bostwick formerly of Stratford late of Derby afore s^{d}, s^{d} Nichols agreeing with me to take s^{d} Bostwick paymaster (I having not yet paid for s^{d} lands) and whereas s^{d} Bostwick failing in payment agreed with s^{d} Nichols to have s^{d} lands again, yet not being able to make him s^{d} Nichols a good title, because he s^{d} Bostwick had no title from me upon record: therefore the title standing fair upon Derby records to me and my heirs; yet I knowing y^{t} s^{d} Isaac Nichols ought according to the rules of righteousness, to Enjoy the fore s^{d} lands to him and his heirs and assigns for ever.
